Arowwai Industries

In the digital era, professionals and students need a platform to showcase their skills, projects, and achievements.

Traditional resumes are static and cannot fully demonstrate one’s creativity and technical abilities.

Lack of a personal online identity makes it difficult for recruiters or collaborators to evaluate skills effectively.

PROBLEM STATEMENT

PROJECT OVERVIEW

Developed a personal portfolio website for Sujith S.

Showcases About Me, Skills, Projects, Education, and Contact Information.

Built with HTML, CSS, and JavaScript to create a responsive and interactive user experience.

Serves as a digital resume and self-promotion tool.

WHO ARE THE END USERS

Students & Job Seekers – to showcase their skills to recruiters.

Employers/Recruiters – to evaluate candidates' portfolios.

Clients/Companies – to check developer's past work before hiring.

Peers & Collaborators – for networking and project collaboration.

Languages: HTML, CSS, JavaScript

Frameworks/Tools: Bootstrap (optional), GitHub

Editor: VS Code

Version Control: Git & GitHub

Browser: Chrome/Edge/Firefox

TOOLS AND TECHNOLOGY

PORTFOLIO DESIGN AND LAYOUTS

Sections Included:

Hero Section (Introduction with name & tagline)

About Me

Skills

Projects

Education

Contact Form

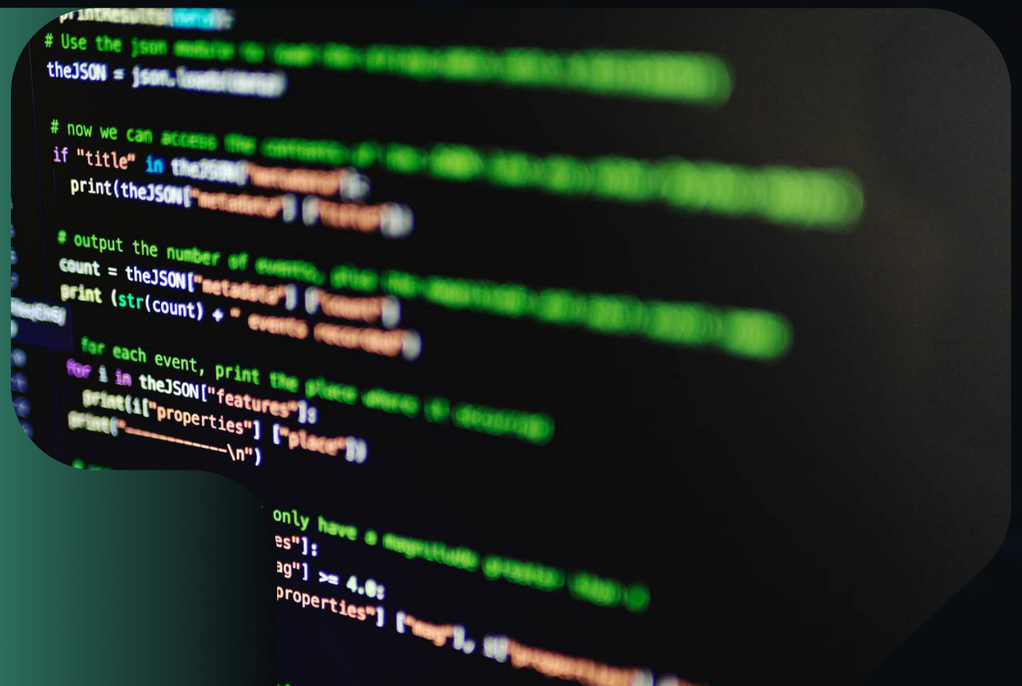
Design Features:

Responsive Layout

Clean Navigation Bar

Interactive Buttons & Hover Effects

FEATURES AND FUNCTIONALITY



User-friendly navigation menu

Responsive design for mobile and desktop

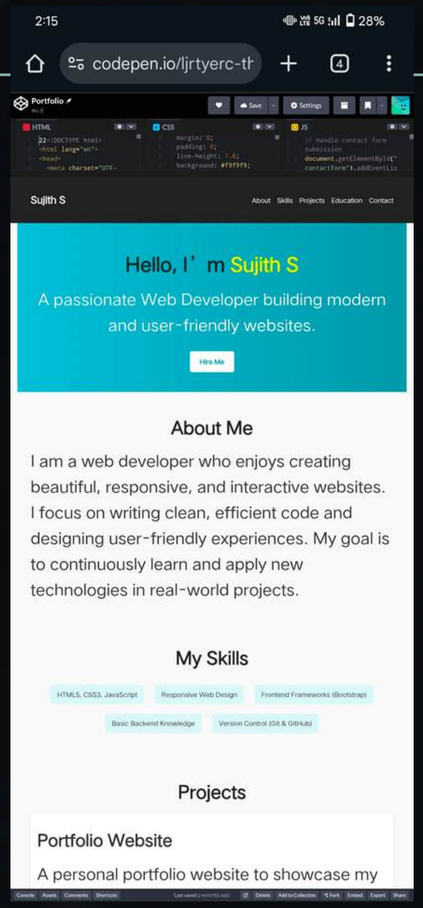
Dynamic Contact Form with JavaScript validation

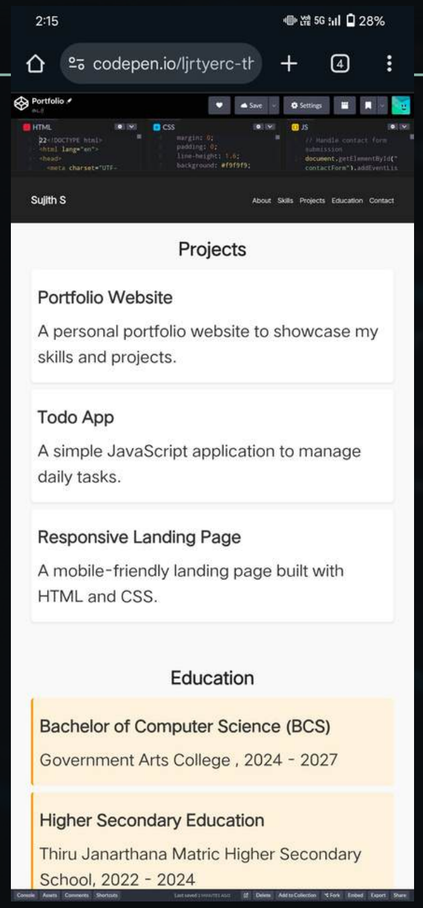
Highlighted skills & achievements

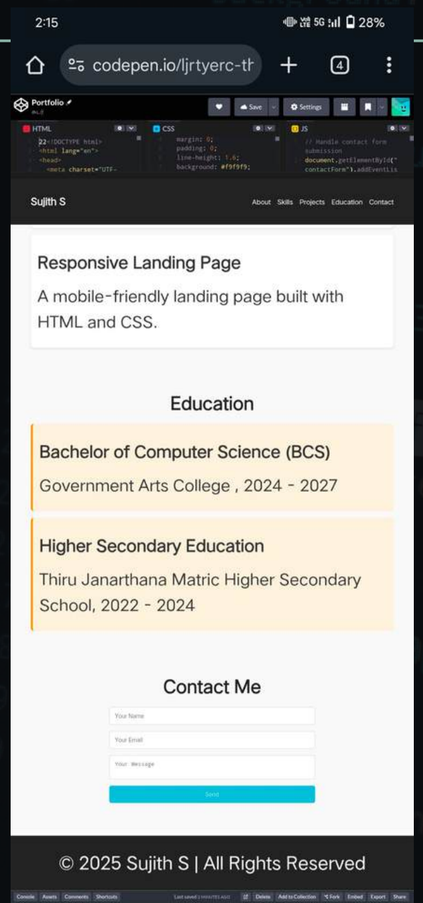
Well-structured projects section

Sticky header and smooth scrolling experience

RESULT AND SCREENSHOT







CONCLUSION

The portfolio project demonstrates both technical skills and personal branding.

Provides a professional digital identity for Sujith S.

Can be extended with features like dark mode, animations, or backend integration.

Future scope: Hosting the website online with a custom domain
